

Arc Access Clean Slate

1-Year Full Doc; 12 & 24 – Month Bank Statement; 1 & 2-Year 1099; Asset Utilization

This product is for borrowers seeking flexible financing options. Borrower may have had a credit event or other isolated lapse in their credit performance that may precluded qualification for another program. All borrowers must exhibit an acceptable recent credit history (as defined within this product matrix).

- Full Doc: Borrowers may qualify with 2 year of tax returns, P&Ls or Paystub & 2-years W-2
- <u>1-Year Full Doc</u>: Borrowers may qualify with 1 year of tax returns, P&Ls, OR Paystubs & most recent W-2, OR written VOE and paystub
- <u>1 & 2-Year 1099</u>: Borrowers who are independent contractors, freelancers, or otherwise self-employed in the "gig economy" may qualify with 1099 statements in lieu of tax returns, to support their income.
- <u>12 & 24 Month Bank Statement</u>: Self-employed borrowers may qualify using bank statements, in lieu of tax returns, to support self-employed income for qualification purposes.
- <u>Asset Utilization</u>: borrowers who prefer to use their assets for qualification rather than using their income to qualify for the mortgage. The asset utilization is based on a 60-month calculation.

Refer to the LTV Matrices below.

All properties in which the borrower is personally obligated must be included in the financed property maximum. For Arc Elite, Arc Access, Conventional Investment Property and FNMA/FHLMC Second Home-Investment Property Products, each borrower may not exceed either an aggregate unpaid principal balance amount of \$5MM or 10 loans (including the subject property) financed with Arc Home Loans.
Occupancy	 Primary Residence Second Home Investment Property
Prepayment Penalty	Allowed on Investment Property transactions, which are treated as Business Purpose loans. May be subject to up to a five-year prepayment penalty or the maximum permitted by state law, whichever is lower. Refer to the Arc Underwriting Guide for state specific requirements.
Property Types	 Eligible: 1-4 unit (Detached, Semi Detached, Attached) PUD (Detached, Attached) Warrantable Condominium (Detached, Attached)
rtivo 2/1/2024	

	 Non-Warrantable Condominiums, including Condotels. Refer to the Arc Underwriting Guide for details. Ineligible: Refer to the Arc Underwriting Guide for ineligible property types.
Ratios	1-Year Full Doc/Bank Statements/1099: 50% DTI. First Time Homebuyers with LTVs > 80%: Max 45% DTI Asset Utilization: 43% DTI
Reserve	 Loan Amount < \$1.5MM: 6 months of PITIA
Requirements	 Loan Amount > \$1.5MM-2.5MM: 9 months of PITIA
	 Loan Amount > \$2.5MM: 12 months of PITIA
	Cash out proceeds may be used to satisfy reserve requirements up to a 70% LTV/CLTV.
Secondary Financing	Allowed
Tax Transcripts	 1-Year Full Doc Tax-return: A signed 4506-C and IRS Tax Transcripts for the most recent year must be obtained during the loan process or at closing. 1-Year Full Doc Wage Earner or when an additional W-2 is used: A signed 4506-C is required. Transcripts are not required.
	1099: A signed 4506-C and IRS 1099 Transcripts are required.
	Bank Statements: A signed 4506-C and IRS Tax Transcripts are <u>not</u> required.
Transaction Types	Eligible:
	Purchase
	Rate/Term Refinance
	Delayed Financing as a Rate/Term transaction
	Cash Out Refinance
	Texas 50(a)(6) Rate Term and Cash Out refinances
Underwriting	Manual underwriting required. AUS not allowed. Refer to the Arc Underwriting Guide for complete program requirements.

	Full Doc (Tax Returns & P/Ls or W-2/Recent Paystubs) Documentation/Calculation Requirements
2-Year Tax Returns & P/Ls	 Documentation is the same as Full documentation requirements per the Arc Underwriting Guide. Income is calculated by utilizing the past TWO years of tax returns, schedules and forms. A cash flow analysis must be prepared for all self-employed borrowers. Use <u>Fannie Mae Form 1084</u> and follow all instruction to document self-employed income.
2-Year W-2 & Paystub	 Documentation is the same as Full documentation requirements per the Arc Underwriting Guide. Follow Fannie Mae guidelines for how to calculate income: <u>https://www.fanniemae.com/content/guide/selling/b3/3.1/01.html</u>
Documentation Type	Doc Type must reflect "Full Document"

	1-Year Full Doc (Tax Returns & P/Ls or W-2/Recent Paystubs)					
	Documentation/Calculation Requirements					
1-Year Tax Returns & P/Ls	 Documentation is the same as Full documentation requirements per the Arc Underwriting Guide, except only the most recent year of Tax Returns, Schedules, and P/L is required. Income is calculated by utilizing the past ONE year of tax returns, schedules and forms. A cash flow analysis must be prepared for all self-employed borrowers. Use <u>Fannie Mae Form 1084</u> and follow all instruction to document self-employed income. (Complete just one year of information rather than two). 					
1-Year W-2 & Paystub or WVOE	 The following reduced documentation requirements are required: most recent year W-2 and YTD paystubs covering at least 30 days OR written VOE (Form 1005 or third-party service such as The Work Number) referencing prior year and most recent year-to-date income and most recent paystub. Borrower must have two (2) years history of employment in same industry and 1-year continuous employment at current job. Capital gains income and Borrowers employed by family members are not eligible Follow Fannie Mae guidelines for how to calculate income: https://www.fanniemae.com/content/guide/selling/b3/3.1/01.html 					
Documentation Type	Doc Type must reflect "1-Yr Tax Returns"					

	12 & 24 – Month 1099 Documentation/Calculation Requirements
Employment Requirements	Borrowers who are independent contractors, freelancers, or otherwise self-employed in the "gig economy" may qualify with 1099 statements in lieu of tax returns, to support their income. 1099 statements must be in the borrower's name. Borrowers must be in the same line of work for 2 years. Verbal verification of employment guidelines apply, refer to the Arc Underwriting Guide.
Documentation	The Borrower must receive regular, ongoing compensation on a weekly, bi-weekly, bi-monthly, monthly, or quarterly basis. Do not provide tax returns.
	 For a 12-month income calculation, provide the following: 1 year of Form 1099 and Either most recent paystub showing YTD income, statement, or similar documentation that also shows the Borrower's year-to-date earnings. The most recent documentation may be used if earnings over 30 consecutive calendar days is verified.
	For a 24-month income calculation, provide the following: • 2 years of Form 1099 and

	• Either most recent paystub showing YTD income, statement, or similar documentation that also shows the Borrower's year-to-date earnings. The most recent documentation may be used if earnings over 30 consecutive calendar days is verified.
Income Calculation	 For a 12-month income calculation, the lesser of: The income reported on the Borrower's 1099 tax forms for the Applicable Year* multiplied by the Profit Margin and then divided by 12 months, or The Profit Margin multiplied by the Borrower's year to date income, for the current year, converted into a monthly average. For a 24-month income calculation, the lesser of: The average income reported on the Borrower's 1099 tax forms over the two Applicable Year* multiplied by the Profit Margin and then divided by 24 months, The average income reported on the Borrower's 1099 tax forms over the two Applicable Years* multiplied by the Profit Margin and then divided by 12 months, or The income reported on the Borrower's 1099 tax forms for the Recent Applicable Year* multiplied by the Profit Margin and then divided by 12 months, or The Profit Margin multiplied by the Borrower's year to date income, for the current year, converted into a monthly average Profit Margin: For 1099 Income Documentation type, the borrower must provide a written explanation such as the Arc Business Narrative or a similar form on their 1099 employment including an expense factor that is related to their annual business. Arc Home will utilize a maximum of 90% Profit Margin. Borrowers who identify a smaller profit margin must be qualified with the smaller profit margin.
	*For the purposes hereof the Recent Applicable Year is the calendar year prior to the date of the Borrower's Initial Application unless the date of the Initial Application is in January, and the Borrower's 1099 tax forms for the calendar year prior to the date of the Borrower's Initial Application are unavailable, in which case the Recent Applicable Year is the calendar year two years prior to the date of the Initial Application; the Applicable Years are (i) the Recent Applicable Year and (ii) the calendar year prior to the Recent Applicable Year.
Additional Income	If the 1003 reflects additional income, such as alimony, child support or W-2 wages, that income must be considered per Fannie Mae guidelines. Long term and Short term Rental Income: The borrower must fully complete the REO section of the loan application. Short term rental property must be in an area that is common for short term rentals. • Documentation: • Purchase transactions: Rent Schedule Form 1007 or 1025 (the rental lease agreement is not required). • Departing Residences: Rent Schedule Form 1007 or 1025 or the current lease agreement AND security deposit, AND 1 month's rent rental deposit reflected on the bank statements/cancelled checks/electronic proof. • For REO properties: • Most recent Schedule E OR • The current lease agreement AND most recent 2 months rental deposits reflected on the bank statements/cancelled checks/electronic proof OR • remittance statements from the renting entity (AirBnB, VRBO, etc.) covering the most recent 12-month period. Rental income must be calculated by taking the payout amount (Gross booking amount minus deductions),
	 Calculation: Step 1: Determine the Gross Qualifying Rent: Purchase transactions: Use the lesser of the actual or market rent on the Rent Schedule Form 1007 or 1025

	 Departing Residences: Use the lesser of the actual or market rent on the Rent Schedule Form 1007 or 1025 OR the lease agreement. For REO properties: Use monthly gross rental income from the borrower's most recent Schedule E per <u>Fannie Mae</u> calculations, from the
	 current lease agreement, or from the 12 month remittance statements. Step 2: Reduce the Gross rent by the 20% vacancy factor: The rental income must be calculated by multiplying the gross monthly rent(s) by 80%. Step 3: Determine the Net Qualifying Rent: Subtract the PITIA associated with that property to arrive at the Net Rental Income (if
	positive, apply to the Total Income figure) or Net Rental Loss (if negative, count in the borrower's debt).
Documentation	For 1 Year 1099: Doc Type must reflect "Other Bank Statement", then select "1099 – 12 months" in the Additional Doc Types field
Туре	For 2 Year 1099: Doc Type must reflect "Other Bank Statement", then select "1099 – 24 months" in the Additional Doc Types field

	12 & 24 – Month Bank Statement
	Documentation/Calculation Requirements
Employment Requirements	 The Primary wage earner must be self-employed as a for-profit business. Borrower must be self-employed for at least two (2) years and owned the business used in qualifying for at least two (2) years. Refer to the Arc Underwriting Guide, for requirements when the borrower has been self-employed less than 2-years but more than 1-year. The business used in qualifying must have existed/active for at least two (2) years. However, if a borrower is qualifying with less than two years but more than one year of self-employment, then the business should be established for the same length of time. The business structure may change within two years if the new business provides the same product and services as the current business (i.e. Sole prop. To LLC). The borrower's ownership percentage and length of ownership must be verified with one of the following: Letter from licensed CPA with PTIN (preparer tax identification number). The term CPA is used generically to refer to a licensed CPA, certified tax preparer, or enrolled agent. Validation of the legitimacy of the CPA is required. Business Formation Documents (Articles of Incorporation, Bylaws, Charter, Articles of Association). Any documents received must document that they have been filed properly with the state Operating Agreement/Partnership Agreement Must reflect all member-ownership interest in the business Verbal verification of employment guidelines apply, refer to the Arc Underwriting Guide.
Documentation Requirements	Business bank accounts, personal bank accounts addressed to a DBA, or personal accounts with evidence of business expenses can be used for qualification. Accounts must be from a US financial institution. Regardless of the type of account (business or personal) the following apply:
	 12- or 24- month complete bank statements must be in the file Bank statements must be consecutive and reflect the most recent months available, per the Age of Documentation requirements in the Arc Underwriting Guide.

 If an account was closed and a new account was opened or if the borrower was using a personal account and switched to a business account, Arc will consider the bank statements to be consecutive if the bank statements reflect the switch and reflect continuity (no gaps). The new account must be opened for at least 3 months to validate stability. Cannot mix and match different bank accounts from month to month (e.g. – January statement from personal, February statement from business, March from personal and so forth) Every page including pages without transactions and advertisements must be present; transaction history printouts are not acceptable Statements must support stable and generally predictable deposits. Monthly income must be disclosed on the initial, signed 1003 Deposits must be common and customary based on the nature of the business and how the borrower conducts their business. Unusual deposits must be sourced and documented; unacceptable deposits are not counted toward the income derived from bank statement deposits. Months with no revenue must be explained by the borrower. The underwriter must validate the stability of the income based on the nature of the business and how the borrower. NSF/Overdraft is defined as a financial institution accepting a withdrawal which results in the account "bounced check" and a fee is charged, or when a check/ACH is presented but cannot be covered by the balance in the account "bounced check" and a fee is charged. NSFs are allowed with the following restrictions: If there are one (1) or more occurrences in the most recent three-month time period, up to five (5) occurrences are allowed in the most recent 12-month time period. If there are zero (0) currences in the most recent three-month time period, up to five (5) occurrences in the most recent 12-month time period. If there are zero NO currences in the most
Arc's Business Narrative or a similar form must be completed by all self-employed Borrowers.
Disallowed deposits include transfer from other accounts credit lines, business loans, rental income, one-time only deposit in 12 months, cash advances from credit cards, returns/refunds, or income from other sources (on personal bank statements).
 BUSINESS DISTRIBUTIONS: If the borrower maintains separate bank accounts for personal and business use but pays themselves as a distribution/payroll into their personal bank account, those deposits into their personal bank account may be used for qualifying. In addition to the Employment Requirements and Documentation Requirements above, the following apply: Borrower must own at least 25% of the business Two months of business bank statements must be provided to document the qualifying business is an operating entity and to verify transfers to the personal account.

	 The deposits into the personal bank account must exhibit the respective account number of the business bank account(s) provided (based on the provided 2 months of business bank statements). If one personal bank statement is being used for multiple businesses, then the deposits must be clearly matched to each business so that we can validate the stability of each business and the borrower's ability to repay. If the personal account is jointly owned, and the joint owner is not an owner of the business, deposits that are not readily identifiable as transfers from the business accounts or business deposits must be excluded. Calculation Method Qualifying income is calculated using the total eligible deposits from the personal bank statement must be consistent with the qualifying income. No expense factor is applied if business bank statements support operating activity with expenses being paid. Qualifying income is calculated as follows: (Total Deposits – Disallowed Deposits) divided by 12 or 24 months Income disclosed on the initial application (1003) should be reviewed for consistency with the income calculated from the bank statements. Large deviations should be evaluated and may require a written explanation from the borrower regarding their business and the income they earn and/or additional documentation to further support the calculated income.
Commingled Personal Bank Account Qualification	 COMMINGLED BANK ACCOUNT: A comingled bank account is a personal account used by a borrower for both business and personal use. A separate business account is not required. Personal bank accounts are allowed to be comingled with income/expenses from only <u>one</u> business. Personal bank accounts may not be comingled with multiple businesses. Deposits must be common and customary based on the nature of the business and how the borrower accepts payments for their business. Unusual deposits must be sourced and documented as business revenue. These accounts will be treated as business accounts for purposes of determining income. In addition to the Employment Requirements and Documentation Requirements above, the following apply: Must provide business expense documentation. Expense verification will differ based on the Calculation Option chosen (see each option below for details) Statements should show a trend of ending balances that are stable or increasing over time. Decreasing or negative ending balances must be explained and may result in the loan being denied Business expenses must be reasonable for the type of business (examples of businesses with higher expense ratios include construction companies, builders, restaurants, and retail firms) If the bank statements reflect payments being made on obligations that are not listed on the credit report or 1003, additional information must be obtained to determine if the liability should be included in the borrower's debt- to-income ratio. If the obligation does not belong to the borrower, supporting documentation is required. If the borrower is the obligor on an account statement a payment history must be obtained to review the account for acceptability. The payment must be included in the debt ratio.
	 Comingled Bank Accounts may only be used by Sole Proprietors (Partnerships, S-Corporations, and Corporations are not allowed): Borrower and non-borrowing purchasing spouse with combined 100% ownership eligible); or All credit qualifying borrowers on the loan own 100% of the business; or

an independent contractor dedicated to one occupation and receiving 1099 income					
Business Bank Account Qualification	 BUSINESS BANK ACCOUNT: In addition to the Employment Requirements and Documentation Requirements above, the following apply: Must provide business expense documentation. Expense verification will differ based on the Calculation Option chosen (see each option below for details) Borrower must own at least 25% of the business. All non-borrowing owners of the business must provide a signed and dated letter acknowledging the transaction and confirming the borrower's access to the account for income-related purposes, unless the Articles of Incorporation give the borrower sole right to enter into the mortgage debt (articles of incorporation must be provided) Qualifying Income must be multiplied by the ownership percentage to determine the owner's portion of income allowed for the transaction Multiple business bank accounts may be used for multiple businesses Two business bank accounts may be used for the same business in situations where the borrower uses different account is a checking account for cash or checks and another account for a datcount is a checking account and another account for cash or checks and nother account for cand transactions or 1 account is a checking account and another account is a savings account. The accounts may not be co-mingled. The reason for multiple bank accounts for one business must be clearly explained by the borrower. Transfers from other business accounts may be acceptable and must be documented Transfers from personal accounts to are not acceptable Statements should show a trend of ending balances that are stable or increasing over time. Decreasing or negative cash flow must be explained and may result in the loan being denied Business expenses must be reasonable for the type of business (examples of businesses with higher expense ratios include construction companies, builders, restaurants, and retail firms) 				
Service vs Capital Intensive Industry (Business Bank Account or Commingled Bank Accounts)	 Examples of the Service Industry Include (but are not limited to) the following: Hospitality/Tourism The hospitality/tourism industry also includes hotels, but it typically includes tour guide companies, consultation services and travelbased event planning, as well. Individuals working in the tourism industry offer experiences, knowledge, consultation and management services to their customers. Finance The finance industry includes banks, financial consulting firms and accounting roles. Those working in the finance industry offer help clients apply for or set up investments, loans and bank accounts. They may also offer advice and consultation to customers. Fitness The fitness service industry includes establishments such as gyms that offer users services such as personal training sessions, fitness classes and exercise education. Beauty and wellness The beauty and wellness industry includes spas, hair salons, nail salons, makeup studios and dermatology practices. Individuals working in the beauty industry offer services such as haircuts, manicures, facials and makeup application to customers. Mechanical The mechanical industry covers all businesses that offer repair or maintenance services. The services provided by individuals in the mechanical industry include mechanical expertise, repairs and sanitation. 				

٠	Media and entertainment
	 The media and entertainment industry includes television, film, theater, news outlets, music and live performances. The intangible products provided by those in the media and entertainment industry include experiences and entertainment.
•	Design
	 The design industry includes all businesses and individuals who offer creation and design services to customers and clients. The services provided by individuals in this field include logo designs for companies, artwork for clients and home renovation and organization for homeowners.
•	Marketing and sales
	 The marketing and sales sector includes professionals who offer promotional and sales services to businesses and clients. This type of work may include selling cars to prospective buyers, conducting marketing campaigns that effectively target a company's audience or listing houses for sale.
•	Education
	 The education industry includes schools, universities and training facilities. The services provided by those working in education may include test preparation, general education that helps a student earn a degree and advice for a student's future educational or career path.
•	Healthcare
	• The healthcare industry includes hospitals, care facilities and medical practices. Those working in healthcare provide services such as knowledge, advice, consulting, customer service and medical care to patients.
•	Public service
	 The public service sector includes all fields dedicated to providing safety and maintaining the well-being of the general public. Individuals working in public service provide intangible goods such as safety, cleanliness, information, consultation and customer service.
Ex	 camples of the Capital-Intensive Industries include (but are not limited to) the following: Construction
	 The Construction industry includes carpentry, road construction, bridge development, contractors, and home remodelers/builders/handyman.
	 Oil and Gas The Oil and Gas industry includes the business of oil and gas exploration and production: transportation and storage; and refining and marketing such as gas stations.
	Manufacturing
	 The Manufacturing industry includes moving raw materials, creating the goods, storing the finished products in a warehouse and shipping the products to customer. Examples include but are not limited to automobiles, household goods, toys, publishing/printing, fashion industry, and food industry such as ownership in a store, store chain, restaurant, food supplier. Money Lenders
	 The Money Lender Industry includes the business of lending money to people or other businesses.
	 Telecommunication
	 The Telecommunication industry includes companies that make communication possible on a global scale, whether it is through the phone or the Internet, through airwaves or cables, through wires or wirelessly.
	 Transportation The Transportation industry includes airlines, railroads, trucking, and Uber/Lyft.

	 Farming & Agricul The 	are industry includes companies owning hospit tural Farming & agricultural industry includes small tock.				production of crops and	
Calculation (Business Bank Account or Commingled Bank Accounts)	There are several options for deriving qualifying income from bank statements. All cases using Bank Statement income must include a completed Analysis spreadsheet found on Arc's website at <u>https://business.archomellc.com/page/tools-and-calculators</u> <u>To calculate qualifying income using Business Bank Statement Documentation, choose one of the two (2) options below:</u>						
Calculation Option 1: (Fixed Expense Factor): (Business Bank Account or Commingled Bank Accounts)	request additional docum	xpense ratio to determine qualifying income. R lentation to validate the expense ratio. Determ verage Allowable Monthly Deposits: <u>Total Deposits – Disallowed Deposits</u> 12 or 24 months usiness Net Income = Multiply the <u>Average Mo</u>	nine income as fo	llows:			
	Fixed Expense Ratio						
		Number of Employees/Contractors	<u>0</u>	<u>1-10</u>	<u>10+</u>		
		Service Business	20%	40%	60%		
		Capital Intensive Business	30%	50%	70%		
	 3. Determine the <u>Borrower's Monthly Qualifying Income</u> = Multiply the <u>Business Net Income</u> by the Borrower's Percentage Ownership of the Business. Income disclosed on the initial application (1003) should be reviewed for consistency with the income calculated from the bank statements. Large deviations should be evaluated and may require a written explanation from the borrower regarding their business and the income they earn and/or additional documentation to further support the calculated income. Example: Average Allowable Monthly Deposits = \$10,000 Borrower has 9 employees and is in a Service Business Borrower owns 80% of the business 10,000 * (1 - 0.40) * 80% = \$4,800 Monthly Qualifying Income is \$4,800. 						

Calculation Option 2: (Third-Party Prepared Expense Statement):	For this option, Bank Statements are used for income then the expense ratio provided by the borrower's/ company's CPA is used to determine the qualifying income. The lowest acceptable expense ratio for qualifying in these industries is 15%.			
(Business Bank Account or Commingled Bank Accounts)	 Documentation Requirements: The Expense Statement must be prepared and signed by a third-party CPA indicating business expenses as a percentage of the gross annual sales/revenue. In this matrix, the term CPA is used generically to refer to a licensed CPA, certified tax preparer, or enrolled agent. CPA must be verified. 			
	Determine Qualifying Income as follows: 1. Determine the <u>Average Allowable Monthly Deposits:</u>			
	Total Deposits - Disallowed Deposits 12- or 24-months			
	 Determine the <u>Business Net Income</u> = Multiply the <u>Average Monthly Qualifying Income</u> by (100% - the Expense Ratio provided by the CPA). 			
	 Determine the <u>Monthly Qualifying Income</u> = Multiply the <u>Business Net Income</u> by the Borrower's Percentage Ownership of the Business. 			
	Income disclosed on the initial application (1003) should be reviewed for consistency with the income calculated from the bank statements. Large deviations should be evaluated and may require a written explanation from the borrower regarding their business and the income they earn and/or additional documentation to further support the calculated income.			
	Example: Average Allowable Monthly Deposits = \$20,000 CPA provides expense factor of 50% Borrower owns 100% of the business			
	\$20,000 * 50% (expense ratio provided by CPA) * 100% (percent of business owned) = \$10,000 <u>Monthly Qualifying Income</u> is \$10,000.			
Declining Income (Business and Personal Bank Account Qualification)	The Arc Home Underwriter must make a reasonable determination that the qualifying income is stable and likely to continue. If a review of the bank statement documentation suggests that the qualifying income has declined, the Arc Home underwriter must determine whether the income has stabilized. If the income has stabilized at its current level, then the current level of stable income can be utilized for qualifying. For example, if the 12-month bank statement qualifying income is \$10,000 per month, but the most recent months have stabilized at \$7,000 per month, then the stabilized income of \$7,000 may be considered.			
Additional Income	If the 1003 or bank statements reflect additional income, such as alimony, child support or W-2 wages, that income must be deducted from the bank statement calculation but may be considered per Fannie Mae guidelines.			
	Long term and Short term Rental Income: Borrowers who meet the eligibility requirements for using Bank Statement Income Documentation and who receive rental income (either as a primary income source as a real estate investor or as a secondary income source) may qualify using rental income.			

• The borrower must fully complete the REO section of the loan appli	
Short term rental property must in an area that is common for short	term rentals.
Documentation:
